

The only major process industries event in the Gulf Coast Region.

Executives, plant managers/superintendents and engineering, operating and maintenance management from the chemical process industries (CPI) in 37 countries and 48 U.S. states were represented at the 2nd Annual ChemInnovations Conference & Exhibition, presented by Chemical Engineering, which took place September 13-15 at George R. Brown Convention Center in Houston.

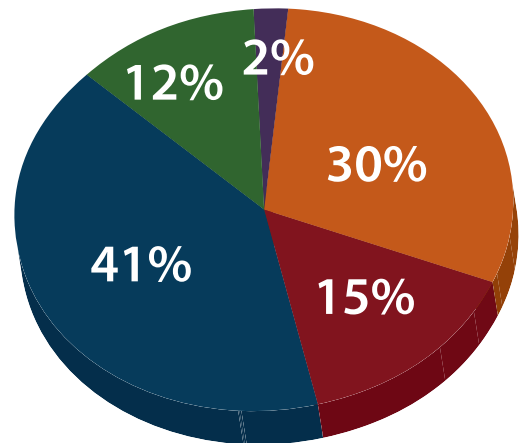

ChemInnovations allowed us to reinforce our commitments to customers. It enabled us to showcase the benefits that we offer in terms of meeting energy and water needs, environmentalism and responding to emerging markets. It also provided great exposure to new clients, and enabled us to find pockets of capital investment opportunities from start-up to fortune 500 companies.

Barry A. Perlmutter
 President & Managing Director
 BHS-Filtration Inc.

What types of attendees were at ChemInnovations 2011?

Job Function of those Conference Delegates who attended ChemInnovations 2011: Majority of the ChemInnovations Delegates come from Mid to Upper Management.

- Engineering/Operations
- Executive
- Manager
- Consultant
- Other

Geographic breakdown of ChemInnovations Registrants

Northeast: **7%** (ME, NH, VT, MA, RI, CT, NY, PA, NJ, DE, MD, DC, WV, VA)

Pacific: **2%** (CA, NV, OR, WA, AK, HI)

Southwest: **76%** (UT, CO, AZ, NM, KS, OK, TX, ID, MT, WY)

Southeast: **8%** (AR, LA, MS, AL, TN, KY, NC, SC, GA, FL)

Midwest: **7%** (ND, SD, NE, MN, IA, MO, WI, IL, MI, IN, OH)

ChemInnovations 2011 also included registrants from 38 foreign countries.

(Percentages based on respondents from the United States)

Survey results from the 2011 Event that Shows ChemInnovations Delivers:

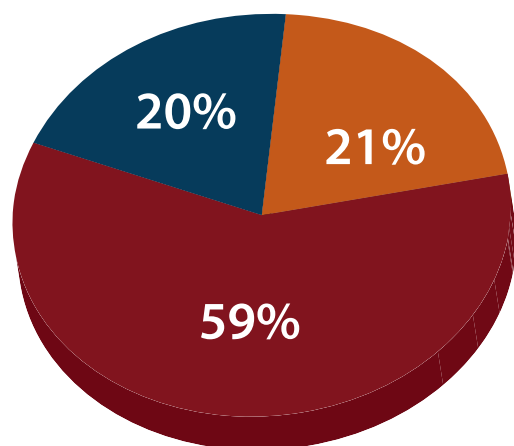

68% of ChemInnovations Attendees have a budget for procurement of chemical processing equipment, products and services and were looking for solutions.

74% of exhibitors felt that ChemInnovations attracted a good quality of buyers from the Chemical and Petrochemical Process Industries.

92% of Exhibitors generated multiple leads at ChemInnovations.

84% of ChemInnovations Exhibitors feel that the Gulf Region is the best location in the U.S. to hold an event for chemical/petrochemical process industries professionals.

ChemInnovations attendees had the buying power, **80%** of registrants directly involved in the purchasing process.

■ Approve
■ Recommend
■ Not involved

ChemInnovations - a trade show where you can meet your peers and discuss ways to share best practices in safety and industry innovations.

Juan Hinojosa, Process Specialist, Shell
